Sir,

Sub:- Lorries and Jeeps - Repairs to Lorry MSC 9616 with the District Agricultural Officer, Bellary - Sanction of.

Ref:- Arising.

Out of the 40 lorries acquired from the Thompson Disposals during 1946, Lorry MSC 9616 was allotted to the District Agricultural Officer, Bellary. It has been working in that district ever since. The vehicle has till recently given satisfactory service with only minor repairs and has not gone for a major repair. But recently the Area Transport Officer (North) recommended certain heavy repairs like renewal of tie rod ends, drag link rod kit, bearings of steering, distributor points shackle pins, brushes etc. As per the above recommendations the vehicle was got repaired at the local workshop approved by the Area Transport Officer. The firm's bills were got scrutinised by the Area Transport Officer who passed them for Rs.1334--12--0. The lorry is now on the road and is giving satisfactory service.

Provision has been made in my revised budget estimates for 1952-53 to meet this expenditure under 40-Agriculture-f-Agricultural Engineering-H-Lorries-3-Other charges-Maintenance and upkeep. I therefore request that Government may be pleased to sanction the repairs to Lorry MSC 9616 with the District Agricultural Officer, Bellary at a cost of Rs.1334--12--0

The proforma is enclosed.

Joint Director of Agriculture.
